BACKGROUND STUDY
SUPPORTING PROPOSED AMENDMENTS TO
GO TRANSIT DEVELOPMENT CHARGE
BY-LAW NO. 86-2001**

Prepared by:

THE REGIONAL MUNICIPALITY OF DURHAM

AND

WATSON & ASSOCIATES ECONOMISTS LTD.

April 23, 2021

1.0 Purpose of Development Charge Background Study

- 1.1 The purpose of this Background Study is to set out proposed amendments to GO Transit Development Charge (DC) By-law No. 86-2001 of the Regional Municipality of Durham. These amendments are required to address the changes in the *Development Charges Act, 1997* (DCA) resulting from Bill 108: *More Homes, More Choice Act, 2019*, Bill 138: *Plan to Build Ontario Together Act*, Bill 197, *COVID-19 Economic Recovery Act 2020* and O. Reg. 454/19.

2.0 Rationale of Proposed DC By-law Amendments

- 2.1 The changes to the DCA has:
- a. Impacted the timing and process for the collection of DCs;
 - b. Modified the determination of the DC rates (i.e. freezing of DC rates);
 - c. Broadened the exemptions for additional (secondary) units; and
 - d. Removed the ten per cent statutory reduction.

Collection and Timing of DC Collections and Freezing of DC Rates

- 2.2 DCs for rental housing development, that is not non-profit housing development, and institutional developments (as defined in O. Reg. 454/19) are to be paid in six equal installments over five years, commencing the earlier of the date of issuance of occupancy permit or the date of first occupancy. The subsequent annual installments are due on the annual anniversary date of the first installment.
- 2.3 DCs for non-profit housing developments (as defined in O. Reg. 454/19) will pay DCs in twenty-one equal installments over twenty years, commencing the earlier of the date of issuance of occupancy permit or the date of first occupancy. The subsequent annual installments are due on the annual anniversary date of the first installment.
- 2.4 The applicable DC rate will be determined, based on the rates in effect on the following dates:
- a. The date of building permit issuance or at subdivision agreement execution, unless the building permit is being issued in respect of an approval of development in a site plan control area under subsection 41(4) of the Planning Act, or for an amendment to a by-law passed under section 34 of the Planning Act;
 - b. If the approval under subsection 41(4) or section 34 of the Planning Act occurred within two years of building permit issuance, and the planning application was submitted on or after January 1, 2020, the rates under a) do not apply and the rates are determined as at the time of planning application submission; and

- c. If the approval under subsection 41(4) or section 34 of the Planning Act occurred earlier than two years of building permit issuance, and the planning application was submitted on or after January 1, 2020, the rates under a) would apply.
- 2.5 These changes have been in effect since January 1, 2020 and are being applied by the Region. The purpose of the amendments set out in Appendix A to GO Transit DC By-law No. 86-2001 is to bring the by-law in conformity with the DCA.
- 2.6 As the legislation allows municipalities to charge interest to recover the costs associated with the development charge deferral and / or the freezing of DCs, the amending by-law provides a clause to allow for the application of interest charges. Regional staff are developing a Regional Development Charge Interest Rate Policy for Committee and Council consideration.

Exemption of Additional (Secondary) Units

- 2.7 Prior to the recent changes to the DCA, the DCA provided exemptions for additional (secondary) units that were limited to additional units created within prescribed existing residential units.
- 2.8 Given the changes to the DCA, the exemptions for additional units has been broadened and now applies to the creation of additional units ancillary to prescribed existing residential units and within, or ancillary to, prescribed new residential units.
- 2.9 In the 2018 Regional DC By-law approved by Regional Council, the Region broadened the exemptions for additional units within existing residential units to include units ancillary to the existing unit (the GO Transit DC By-law was amended at this time to reflect this change). The proposed amendments to GO Transit DC By-law No. 86-2001 as shown in Appendix A expands the exemptions to include secondary units constructed within or ancillary to new residential units.

Removal of Ten Per Cent Statutory Reduction

- 2.10 The changes to the DCA removes the statutory ten per cent reduction for soft services. The ten per cent reduction was not applicable to the GO Transit DC and thus no adjustment is required.

3.0 Recommended Amendments and Implementation

- 3.1 The proposed amendments to DC By-law 86-2001 is to address the changes to the DCA relating to the timing and collection of DCs and the broadening of exemption of secondary units.
- 3.2 Appendix A includes the proposed by-law amendment.
- 3.3 Appendix B includes the existing GO Transit DC By-law (No. 86-2001).
- 3.4 It is proposed that the amendments to By-law No. 86-2001 take effect on July 1, 2021.
- 3.5 Figure 1 shows the timing of the necessary actions to amend By-law No. 86-2001. Please contact Legislative Services at clerks@durham.ca or 905-668-7711, ext. 2054 for any updates and the process for providing comments, as the Region's current COVID-19 response evolves.
